PREVENTION is KEY.....  
there is NO EXCUSE for CHILD ABUSE!

- **The Realities of Child Abuse:**

80% of Child Abuse fatalities were to children younger than four years of age  
39% of Child Abuse cases occur in the first four years of a child's life  
A good Home Visiting Program **can cut this in half.**

Over the past decade, the number of children who experienced abuse and or neglect in Dallas county increased by 29%

Family Outreach Dallas provided the in-home visiting program to over 101 parents and children during FY 2012. Over 95% of the families had children under age 3 and had become parents younger than age 18.

Family Outreach Dallas' mission is to help parents provide their children safe, secure, supportive and healthy home environments. Our programs educate and empower fragile families, providing early childhood parent education in homes, in

schools, and through community classes. Family Outreach Dallas is an affiliate of the National Parents as Teachers Program. Family Outreach Dallas has been on the forefront of supporting fragile families for over 24 years
