BUILDING STRONG CHILDREN... ONE FAMILY AT A TIME

The latest research shows
80% of child abuse fatalities were children younger than four years of age... 39% of child abuse cases occur in the first four years... A GOOD HOME VISITING PROGRAM CAN CUT THIS NUMBER IN HALF

Family Outreach East Dallas has been on the forefront for the past 25 years providing mentoring and home visiting to vulnerable children and families. Family Outreach East Dallas is a Parents as Teachers Affiliate providing early childhood parent-education, developmental screenings, and mentoring to at-risk children and families in areas of Dallas having some of the highest numbers of children living in the highest percentages of poverty.

Help us continue to make a difference for TWO generations, reaching infants and teen parents needing mentoring and support.

Give \$25 or more on September 22 for your donation to be multiplied from a pool of \$2.5 Million of bonus funds and prizes
